EDUCATION

- Bachelor of Technology in Computer Science and Engineering** August 2021 - May 2025
Specialization in Gaming Technology CGPA: 8.2
Vellore Institute of Technology, Bhopal

Projects

Prescripto / Tailwind CSS, ReactJS, NodeJS

- Developed an online platform to book appointments with doctors, enabling users to filter by specialty, choose date and time slots within a 7-day window, and book directly.
- Built an admin interface for booking management and doctor profiles, streamlining administration.
- Designed a profile management system for doctors to view bookings, update profiles, and track earnings.
- Streamlined management of 50+ weekly bookings, enhancing user experience with a 30% faster booking process through optimized filtering and slot selection.

Experience

User Experience Designer / Figma, Canva

April 2024 - July 2024

Zidio Development

Remote

- Collaborated in a team of four to complete three UI/UX projects in Figma, consistently meeting deadlines.
- Used Figma to go from wireframes to detailed designs, focusing on user-friendly, visually appealing layouts.
- Shared projects on LinkedIn, receiving 75+ views and positive feedback for design quality.
- Showcased strong skills in UI/UX design and Figma, helping the team work smoothly and deliver impactful designs.

Web Development Intern / HTML/CSS, JavaScript, React

January 2024 - February 2024

Oasis Infobyte

Remote

- Revamped and deployed responsive UI components in React, boosting user engagement by 40%.
- Gained hands-on full-stack experience, integrating front-end and back-end to accelerate development by 25%.
- Enhanced proficiency in technologies including React, JavaScript, CSS, HTML, and Git for version control, contributing to a 50% improvement in code maintainability.

TECHNICAL SKILLS

- Languages:** Java, HTML, CSS, JavaScript, SQL
- Web Development Tools:** Visual Studio Code, Git, GitHub.
- Frameworks:** Reactjs, Nodejs
- Soft Skills:** Presentation, Self-learning, Teamwork and Collaboration.

CERTIFICATIONS

- Foundation of User Experience (UX) Design, Coursera, June 24**
- MERN Full Stack Certification, Ethnus, Sep 23**
- Java Full Stack Certification, Iamneo, Oct 23**
